

HIV Prevention England LDP monitoring

2013-2014: Quarter 3

Executive Summary

In the third quarter of 2013-14, the HIV Prevention England Local Delivery Partners (LDPs) reported **1181** different interventions to support *It Starts With Me* (ISWM) blasts 1 and 2 and 3. These 1181 interventions reached 17,505 people and delivered an HIV test to 1420 people.

The most common intervention was [1-2-1 information and advice](#) (406 sessions reaching 12,356 people). The vast majority of [1-2-1 information and advice](#) sessions occurred face-to-face but just under a fifth (18%) were online.

[Group information and advice \(outreach or centre based\)](#) was reported by 18 LDPs, but was far more common among those serving African rather than gay communities. In quarter 3, 71 group information and advice sessions reached 1953 people.

Most of the remaining interventions were either 1-2-1 therapeutic, motivational interviewing or provided opportunities to test for HIV in the community. Testing opportunities were offered in [community clinics](#) (in organisations, saunas and churches for example); or at other community events. Overall, 8.1% of all people encountering an HPE intervention in Q3 were tested for HIV during that interaction (1420 people tested out of 17,505 reached).

Gary.Hammond@lshtm.ac.uk

Final Report: 28th January 2014

Format of this report

The tables on pages 2 and 3 summarise all the interventions reported by African and MSM LDPs in quarter 3 of 2013-14. Where a column is split in half, the numbers on the left show the number of sessions of that intervention, and the numbers on the right show the number of people reached.

Pages 4 -7 summarise all 1-2-1 information and advice provision across the partnership in Q3.

Pages 8 -11 summarise all group information and advice across the partnership in Q3.

Pages 12-15 summarise all Event-based interventions, including testing based events and condom distribution events in Q3.

Pages 16-19 summarise all HIV testing sessions offered in Q3, apart from testing at events. Most occurred in the office of the providing organisations, with others at churches, saunas and bars.

Pages 20-21 summarise all other HIV testing occurring as part of HPE. Most of these monthly reports are of testing opportunities offered on an open access basis, via the offices of the service provider.

Pages 22-23 summarise all the motivational interviewing offered by ten LDPs in Q3.

Pages 24-25 summarise all the 1-2-1 therapeutic interventions offered by LDPs in Q3.

Pages 26-29 summarise the group therapeutic interventions offered by LDPs in Q3.

Pages 30-33 summarise all the distribution interventions occurring in Q3. None of the LDPs are funded to distribute ISWM interventions.

Pages 34-35 summarise the local development and engagement (D&E) activities of the LDPs.
