

# HIV Prevention England LDP monitoring

## 2014-2015 Annual Report: Executive Summary

In quarters the financial year 2014-15, the HIV Prevention England (HPE) Local Delivery Partners (LDPs) reported **6,946** different HPE funded interventions (excluding testing sessions) to support *It Starts With Me* (ISWM). These 6946 interventions reached **69,962** people and delivered an HIV test to **5,666** people.

The most common intervention (64.2%) was [1-2-1 information and advice](#) (4461 sessions reaching 53,103 people). The vast majority of [1-2-1 information and advice](#) sessions occurred face-to-face but 6% occurred online. All the online [1-2-1 information and advice](#) occurred in the MSM work-stream.

[Group information and advice \(outreach or centre based\)](#) was reported by 23 LDPs, but was far more common among those serving African rather than gay communities. 738 group information and advice sessions reached 10,685 people. Most of the remaining interventions were either 1-2-1 therapeutic, group therapy or motivational interviewing or provided opportunities to test for HIV in the community.

Testing opportunities were offered in [community clinics](#) (in organisations) or at other community venues, such as saunas, or events. Overall, 8.1% of people encountering an HPE intervention were tested (5,666 people tested out of 69,962). Of all those tested by HPE partners, 90.7% were African or MSM (or both), though substantially more were MSM (3396 men, 59.9% of all tests) than African (1741 people, 30.7% of all tests).

Of the 5,666 people tested as part of HPE in the last year, 50 received a reactive result giving a reactivity rate of 0.9%, or 9 reactives per 1,000 tests.

## Final Report: 17<sup>th</sup> April 2015

### Format of this report

The tables on pages 2 and 3 summarise all the interventions reported by African and MSM LDPs in the financial year 2014-15. Where a column is split in half, the left hand side show the number of sessions of that intervention, and the right hand side shows the number of people reached.

Pages 4 -7 summarise all 1-2-1 information and advice provision across the partnership in the year 2014-15.

Pages 8-11 summarise all group information and advice across the partnership in the year 2014-15.

Pages 12-13 summarise all HIV testing sessions offered in the year 2014-15. Most occurred in the office of the providing organisations, with others at community settings like saunas and bars.

Pages 14-15 summarise all the motivational interviewing offered by LDPs in the year 2014-15.

Pages 16-17 summarise all the 1-2-1 therapeutic interventions offered by LDPs in the year 2014-15.

Pages 18-19 summarise the group therapeutic interventions offered by LDPs in the year 2014-15.
